

Industry-backed eClosing solution

Stavvy helps mortgage professionals grow their businesses and ditch paper processes. Users can easily manage documents, interact with stakeholders, and conduct digital closings all from our secure eClosing solution. Gain transparency into the entire signing process via dashboards, document revision history, and audit trails.

Visit <https://meet.stavvy.com/title-and-settlement> to learn how Stavvy can help support your digital closing journey.

Four eClosing features ready to work for you

RON

Easy remote online notarization in a MISMO® certified solution

IPEN

In-person electronic notarization at your fingertips

eSign

Electronically signing documents is as easy as a click

Eligibility Engine

Identify the RON, IPEN, or eRecording eligibility of every transaction

How Stavvy supports you throughout your journey

Onboarding and implementation support

We offer phone check-ins, coaching, team setup and training, and more before ever muttering the words “go live.”

Dedicated customer success manager

We're committed to you and your business goals. As your long-term digital partner, your manager will stay in regular contact to report key metrics and ensure continued success.
